ARENA MAX

Arena maintenance has never been so easy! The Arena Max features a revolutionary Depth Control System, which gives you the power to control your arena depth over the entire surface. With the Easy-to-Use, Top-Wind Jack, adjust your Arena Rakes grooming depth in one simple movement, in a matter of seconds. Once established, the distance between the tire and the tooth never changes. Simply lower the groomer until the tires hit the ground and drive. A second Side-Wind Jack controls the Arena Comb and lets you decide the kind of finish you want. The Front Floater Bar automatically adjusts with your tires and constantly floats and levels the arena surface. The result: consistent, level ground with every use.

Ride Hard ... Stay Grounded!

Affordable - Effective - Efficient Arena and Track Grooming Maintenance

ARENA MAX

Features

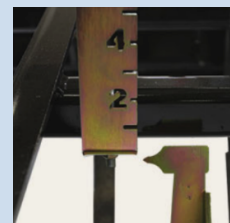

- Efficient and effective arena maintenance for tractor with a 3PT Hitch.
- The Arena Max is designed for use in all arena conditions from hard packed loam to sand.
- The Scarifier Shank is designed at an angle to continually help pull the groomer into the ground in even the hardest soil conditions.
- Performance's Revolutionary Depth Control System allows you to adjust your Arena Max and groom your entire arena at the same pre-set depth every pass.
- The Front Floater Bar works in conjunction with the Top-Wind Jack Depth Control and automatically adjusts to arena conditions for superior floating and leveling.
- Depth Control can be adjusted between 0" and 5" and is monitored by an Easy-to-Read Depth Gauge.
- Scarifier Shanks are laser cut from 3/4" steel plate and fitted with easy-to-change bolt-on Scarifier Teeth, made from hardened steel.
- The extremely durable Arena Comb is laser cut from hardened 3/8" plate steel.
- Engineered with a heavy duty tubular frame, constructed out of 1/4", 3/8", and 1/2" steel for years of dependable service.
- Fitted with two premium quality wide flotation tires and easy lube hubs.
- Performance's Arena Max is available in three sizes: 76", 88", and 112".
- Durable Paint Finish.

Hooked to a Tractor

Scarifier Shank and durable, easily replaced Scarifier Teeth

Easy-to-Read Depth Gauge

QD Model	R. Power	Width	Length	S. Teeth	Weight
PFAM76	18 - 25 hp	76"	54"	9	779lbs
PFAM 88	25 - 35 hp	88"	54"	11	930lbs
PFAM 112	35 hp +	112"	54"	13	1130lbs
